

YOU'RE NOT ALONE!

Recent surveys show that 8 out of 10 Americans regularly working on a computer experience these symptoms.

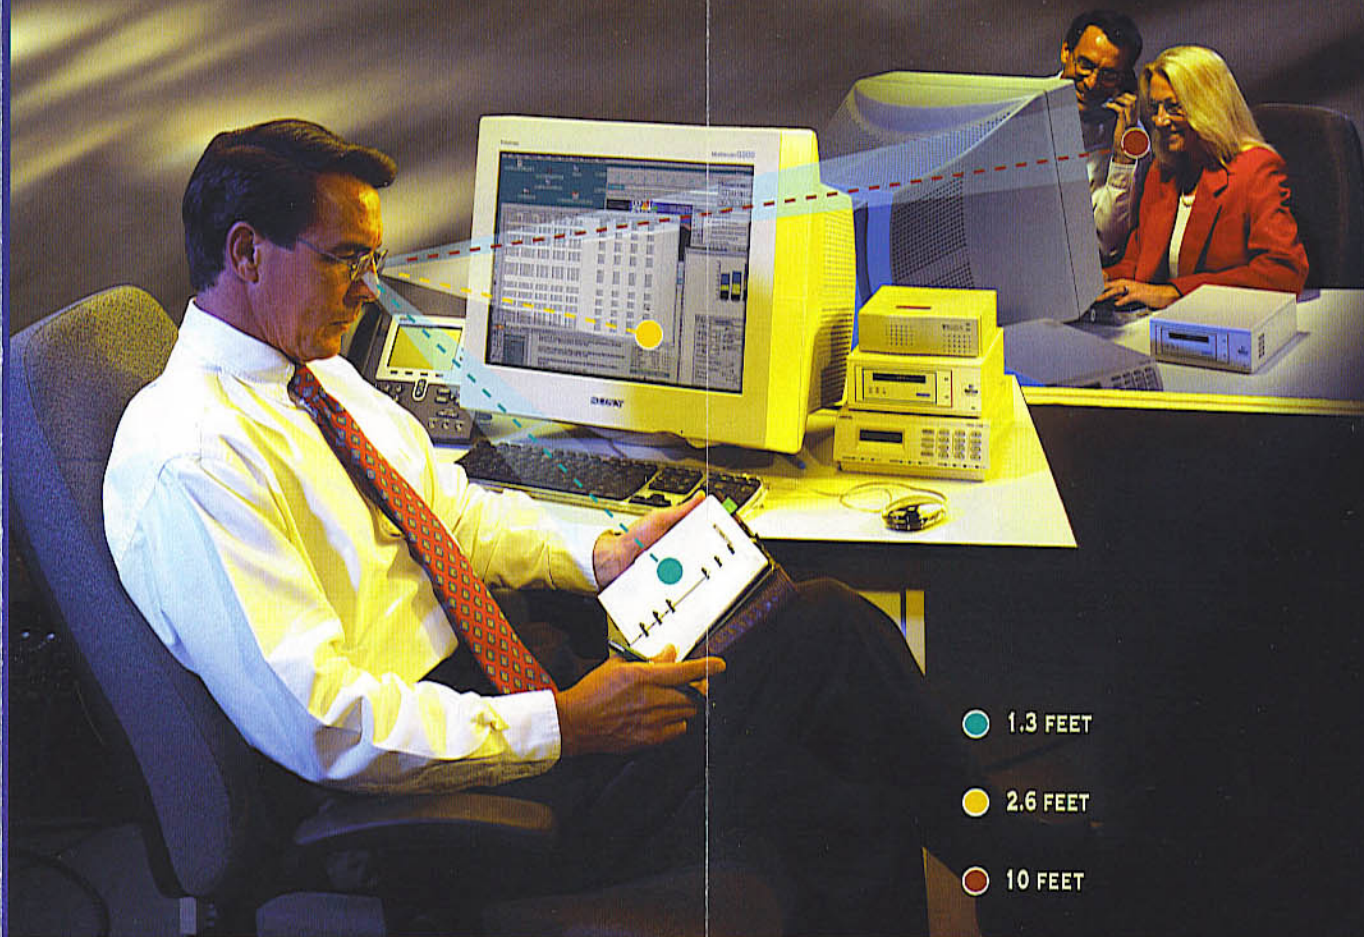

THE GOOD NEWS IS:

You can now ease the pain & discomfort by using the Shamir Office Lens.

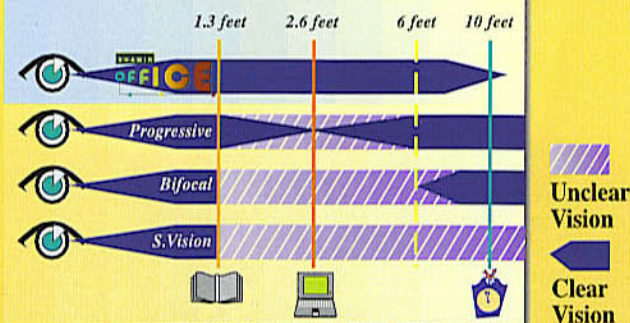

HERE'S HOW THE SHAMIR OFFICE LENS CAN HELP YOU.

Shamir Office is a unique & indispensable lens specifically designed for professionals, computer users and hobbyists. A near and mid-range variable lens, Shamir Office helps you clearly see all the people and objects in your workplace. Clinically tested, Shamir Office has been developed by one of the world's leading progressive lens designers in conjunction with known ophthalmic and orthopedic physicians.

COMPUTER VISION AND BEYOND

Unlimited Computer Vision

Think beyond computer users to the many other professionals and hobbyists who can benefit from the Office lens. . . are you one of them?
